

| PHQ-9 Score | Depression Severity | Intervention |
|---|-------------------------------|---|
| 0-4 | No or minimal depression | No action needed |
| 5-9 | Mild depression | Handouts will be given to the patient and family about depression and how to access mental health services |
| 10-14 | Moderate depression | The patient will be seen by a social worker who will assist the patient in establishing care with a Therapist, Psychologist and/or Psychiatrist |
| 15-19 | Moderate to severe depression | Same as above |
| 20-27 | Severe depression | Same as above |
| *IF SOCIAL WORK SEES PATIENT, PLEASE RECORD HOW MUCH TIME YOU SPEND WITH PATIENT IN REDCAP. | | |
